ILLICIT DRUGS: SCIENCE-BASED POLICY

ONLINE WEBINAR

22 JULY

13:00 – 14:30

Recent data shows an increase in the number of Europeans using illicit drugs to overcome daily struggles and challenges. This trend is further enhanced by the fallout of COVID-19 pandemic. In this webinar, MEP Cyrus Engerer, together with European experts on addictions, presents scientific evidence on how to best prevent future addictions to illicit drugs. The webinar will focus on how to incorporate more science into EU policy decision-making. The event is part of a series on better prevention of addictive behaviour.

Programme of the webinar:

- 13:00 – 13:15 **MEP Cyrus Engerer (S&D, Malta)**, Member of the Special Committee on Beating Cancer
- 13:15 – 13:30 **Jindřich Vobořil**, Head of IRAP and former Czech National Anti-Drug Coordinator
- 13:30 – 13:45 **Antonio Molina**, Professor in Social Psychology and consultant of Dianova
- 13:45 – 14:00 **Katrin Prins-Schiffer**, Coordinator of the European Harm Reduction Network, CORRELATION
- 14:00 – 14:25 **Discussion with panelists and guests**
- 14:25 – 14:30 **Conclusions and recommendations**
